

Challenges for Today's Teachers

We expect a lot from teachers in the 21st Century.

Here are 6 common challenges and how Parlay helps teachers overcome them.

15% of students dominate 50% of all the conversation.

Solution:

Increase Student Engagement

Parlay's flexible discussion modules give every student the chance to participate inside the classroom and at home.

It is hard to accurately track student participation.

Solution:

Meaningful Engagement Metrics

Parlay automatically tracks student participation, so it's easy to measure engagement and give feedback to every student!

1/3 of teacher time is spent on administrative tasks.

Solution:

Save Time Planning and Reporting

Create engaging "RoundTables" in less than 3-minutes.

Have easy access to progress reports for every student in your class.

39% of students spend five minutes or less reading teacher feedback.

Solution:

Provide Timely and Descriptive Feedback

The Points System allows students to see the skills they are demonstrating well and the ones they need to work on in real time.

Constructive peer feedback is an integral part of every Parlay RoundTable.

60% of employers say students lack key communication skills.

Solution:

Employ 21st Century Teaching Strategies

Reward students for demonstrating "soft skills" such as asking thoughtful questions, offering new perspectives, and thinking outside the box.

2/3 of teachers find it hard to integrate tech into their courses.

Solution:

Practical and Accessible Tools

Parlay is easy to use. To help you get started, check out our collection of resources at:
